**SCIENCE APPLIED**  
To The WTC COLLAPSES

*KC's Prestigious Uptown Theater Presents  
Noted Researcher and Author Jim Hoffman...*

**“SCIENCE Applied to the  
World Trade Center Collapses”**

The Uptown Theater • **Saturday Sept. 2nd**  
1:00-2:30 p.m. and 7:00-9:00 p.m

*Independent researcher Jim Hoffman* will discuss the official investigations of 9/11, including the Official 9-11 Commission Report, NIST and FEMA Reports, with special focus on physical evidence issues.

Hoffman is a research scientist, software engineer, mathematician and inventor. Since 2003, Hoffman has created critical analysis websites Science911.org, 911Research.com, WTC7.net, 911Review.com, and has co-authored the book, *Waking Up from Our Nightmare*.

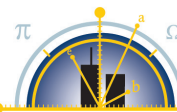

Invitations to *Science Applied to the World Trade Center Collapse* are also being formally extended to citizen's representatives and various supporters of the official 9/11 investigations.

*Waking Up From Our Nightmare*

“The best of the best of the best. Waking Up ... manages to synthesize into less than 80 illustrated pages the contents of a whole stack of books about the crimes of 9/11/01 in New York City. . .”
